GOMEZ NOW MOVING ON HAVANA.

He Has a Following of Eighteen Thousand Men-Residents of Havana Fleeing From the City-No Peace Agreement Between the United States and Spain - Other Cuban War News.

New York, Jan. 15.—The Press this morning claims to have received news through private channels that General Maximo Gomez stormed and captured the important city of Santa Clara on Jan. 9, and is now moving on Havana with 18,000 men. The famous cavalry leader Quintin Benderas was mortally wounded The Press says, and General Luque, commanding the Spanish, was also wounded.

According to The Press advices, the garrison of Santa Clara had been re-

garrison of Santa Clara had been re-5, he invested the city, which was well demanded that the war should not be fortified. Gomez sent the infantry unprolonged or indefinitely dragged out. der General Rabi to the west of the city. The cavalry, 4,000 strong, under Quintin Banderas, was placed on the other three sides, its main strength being on the west. On the 6th, 7th and 8th there were skirmishes, General Luque, commander of the garrison being wounded on the latter day. On the 9th, at daybreak, the Cubans closed in on the town, the cavalry charging over the Spanish earthworks, and putting the enemy to flight. Banderas fell while leading his men and died soon after.

The news received last night said that the losses were: Spanish, estimated killed and wounded, 900; prisoners, 700; cannon captured, 18; battle standards, 4; rifles in the Spanish arsenal, 5,000, with plenty of ammunition. Cuban killed and wounded 1,500, which is 600 more than the Spanish loss.

The Press quotes Carlos Roloff as saying the report is credible. The junta has no news.

Gomez gave his men only a night's rest, and then leaving a garrison of 1,500 men, he pushed on to the west. Those of his men who had no weapons were armed from the Spanish arsenal, so that in fighting men he was nearly as strong as before the battle.

No sooner had the news of the fall of Santa Clara reached the planters round about than they began to flock to Gomez' standard. Every mile he went he got new recruits. The news received last night said he now has an army of 18,000 well equipped men.

NEWS CONFIRMED.

#### General Gomez Undoubtedly Marching or the City of Havana.

NEW YORK, Jan. 15 .- A Havana dispatch to The World says: Couriers who have slipped through the Spanish lines in Matanzas province bring the news that General Gomez is undoubtedly marching on Havana slowly but surely, and that his advance guard is laying in waste the country as they proceed.

In less than a week the advance guard of Gomez's army has destroyed by fire 21 of the most valuable estates in the province of Matanzas, and the work of destruction continues as the army moves along.

The people of Havana are at last be coming thoroughly alarmed at the situation, and all who possibly can have already left the place. Those who have been detained are making preparations to leave with all possible haste. Many of those who have been outwardly loyal to Spain have lost all confidence in General Weyler's ability to handle the insurgents, and they now actually fear for the safety of Havana.

Skirmishes occur every day in Pinar del Rio. The insurgents are under command of Ruis Rivera.

#### TAKEN FOR A FILIBUSTERER. The Clyde Steamship Delaware Has an Unusual Experience.

JACKSONVILLE, Fla., Jan. 15 .- The Clyde steamship Delaware, Captain Ingram, which arrived in port yesterday from Boston had quite an unexpected adventure just before daylight yesterday, when off the bar, being mistaken for a filibusterer by the dispatch boat Dolphin. About 2 o'clock in the morning David Kemps, one of the bar pilots, took out a small launch bound for St. Augustine. After getting out he gave the owner of the launch, who was no navigator, his bearing. The pilot then lay by in his skiff waiting for the Delaware. The Dolphin's searchlight was being used almost constantly, and so discovered the Delaware laying rather close inshore. The light showed the steamship that it was too near to shore, and it immediately headed out. the same time the launch had lost its position, the compass failing to work, and instead of proceeding south it headed east, apparently to meet the Dela-

sel all right it was allowed to come up to the city, the officer still remaining aboard. The captain of the launch ex-plained matters satisfactorily and was allowed to proceed.

NO PEACE AGREEMENT.

#### Nothing Has Taken Place at Washington Relating to It.

WASHINGTON, Jan. 15 .- It is positively and authoritatively denied that the United States and Spain have practically concluded an agreement regarding terms to be offered the insurgents for the settlement of the Cuban rebellion, or that there has been any change in the situation since the date of the president's message.

It can be stated furthermore that until yesterday, when Senor De Lome made his usual Thursday diplomatic call on the secretary of state, there has been no conference between Secretary Olney and the Spanish minister since last Thursday, when the latter was among the list of diplomats who paid

LEE FRIENDLY TO CUBA.

#### Story Told by the Captain of the Flibusterer, Three Friends.

JACKSONVILLE, Fla., Jan. 15 .- The statement of United States Senator-elect Money of Mississippi that General Fitzhugh Lee, the American consul at Havana, does not believe that Spain can quell the rebellion in Cuba is no surprise to the owners of the filibuster Three Friends.

When General Lee was returning to Havana he stopped a day or two in Key West and visited the Three Friends. Of

the visit Captain Lewis says:

"When General Lee came on board
he said: 'I am glad to meet you, Captain Lewis, and I honor you for the
efforts you are said to be making to get arms and ammunition to the Cuban patriots. You are doing what I would do in your place-carrying all the arms you can to the patriots so that they may have a white man's chance in their efforts to free the island from Spanish rule. If you will only keep the patriots supplied with arms and ammunition they will do the fighting and drive the Spaniards from the island."

#### WRECK OF THE COMMODORE. Captain Murphy Exonorated From All Blame in the Disaster.

WASHINGTON, Jan. 15.—The local inspectors at Jacksonville, Fla., who investigated the sinking of the suspected filibustering steamer "Commodore," express the opinion that the sinking of the steamer was due to the complication of pipes for freeing the vessel of water not being fully understood by the engineers department.

They state the value of the steamer at \$15,000 and of the cargo at \$4,000. They further state that in their opinion Captain Murphy did all in his power to save the officers and crew of the steamer.

A statement from Stephen Crane, the novelist, accompanies the report but in none of its essentials does it differ from published reports of the wreck and the struggle of the survivors to reach land.

# Someilan Sentenced For Life.

HAVANA, Jan. 15 .- At 12:30 p. m. yesterday the sentence was read in the case of Luis Someilan, the naturalized American citizen, who was found guilty of conspiring against the Spanish government. The sentence is that he be imprisoned for life in chains. Someilan's lawyer will appeal to the supreme court at Madrid.

THE GRIPMAN LOST CONTROL. Thirty Passengers Injured in a Street Car

Runaway. PITTSBURG, Jah. 15.—Five passengers were seriously injured and 30 others more or less cut and bruised by an accident yesterday on the Penn avenue branch of the Consolidated Traction company. Those seriously injured were: P. G. Haley, broken leg; George Shingo, shoulder dislocated; George Capper, leg fractured; Edward Taylor, severely and other imitation dairy products to

gripman, badly cut about the head. About 6 o'clock in the morning as the car was coming down a steep grade near Thirty-fourth street the gripman lost control of it. He applied the brakes at once, but without avail, and the car soon gained a high speed. At Thirtyfourth street it jumped the track and dashed into a telegraph pole. All the passengers sustained slight injuries. Those named were given medical attention and conveyed to their homes, but the others were able to proceed to the

Free Homestead Bill Passed By the Senate.

OF FAR REACHING IMPORTANCE

Over Thirty-Three Million Acres of Land, Acquired From the Indians, Thrown Open For Settlement - Oleomargarine Bill Passed in the House-Proceedings of the House and Senate.

Washington, Jan. 15 .- The senate yesterday passed the measure known as the free homestead bill, which has been under discussion since the holiday recess. It is a measure of far-reaching importance, particularly to the west and the interest in it was shown by the fact that a plank concerning it was a feature of the several national platforms. The effect of the bill is to open to settlement all public lands acquired from Indians, free of any payment to the government beyond the minor office fees, and to release from payment those who have heretofore settled on these

The number of acres involved, according to an estimate made by the commissioner of the general land office, is 33,252,541, which would have yielded the government, at the price heretofore established, \$35,343,006. To offset this statement, it was brought out during the debate that the lands were mainly arid and that those who had settled upon them were unable to make payment by reason of the scanty products of the soil. The western senators, in the main favored the bill, as as extension of the general homestead policy of the government. The opposition was directed mainly by Mr. Platt of Con-necticut and Mr. Vilas of Wisconsin. As the bill passed in the house it cov-

ered only the lands acquired from the Indians in Oklahoma, but as passed yesterday the bill includes all Indian lands. The final vote resulted yeas 35,

nays 11.

The bill passed is as follows: "That all settlers under the homestead laws of the United States upon the public lands acquired prior to the passage of this act by treaty or agreement from the various Indian tribes, who have or who shall hereafter reside upon the tract entered in good faith for the period required by existing law, shall be entitled to a pat-ent for the land so entered, upon the payment to the local land officers of the usual and customary fees, and no other or further charge of any kind whatso-ever shall be required from such settler to entitle him to a patent for the land covered by his entry; provided, that the right to commute any such entry and such settler, and in the time and at the prices now fixed by existing laws, shall remain in full force and effect:

"Provided, however, that all sums of money so released, which if not released would belong to any Indian tribe, shall be paid to such Indian tribe by the United States."

Following the disposition of this bill, which had held the advantageous position of the unfinished business of the senate, Mr. Morgan sought to have the Nicaragua canal bill made the unfinished business. This precipitated a vote, which to some extent was a test of strength of the bill itself. On Mr. Morgan's motion to take the bill up, the vote was 33 to 6, or less than a quorum, so the motion did not prevail although it disclosed the strength of the measure.

During the day Mr. Morgan secured the adoption of a resolution for an inquiry by the judiciary committee as to whether the properties of the Union and Central Pacific railroad companies now belonged to the United States by reason of alleged defaults in the payment of

Other resolutions adopted were by Mr. Chandler, instructing the interstat. commerce commission to inquire into the reported combination of lake vessel interests to maintain rates; and by Mr. Cullom calling on the civil service coramission to explain delay in making annual reports.

The senate adjourned over to Monday IN THE HOUSE.

### The Oleomargarine Bill Passed, and Its Provisions.

Washington, Jan. 15.—The house spent almost the entire day debating the Grout bill to subject oleomargarine cut about the head; William Steed, the laws of the states into which they are transported. The advocates of the measure took the view that the states should be allowed to regulate the sale of a product sailing under false colors and the opponents the view that the bill would establish a dangerous precedent and invade the power of congress to regulate interstate commerce.

The bill was passed—126 to 96. The bill is as follows: "That all articles known as oleomargarine, butterine, imitation butter, or imitation cheese, or any substance in the semblance of butter or cheese, not the usual product of the dairy and not made exclusively of pure and unadulterated milk or cream, transported into any state, or territory or remaining therein for use, consumption, sale or storage therein shall upon arrival in such state or territory be subjects to the operation and effect of the laws of such state or territory enacted in the exercise of its police powers to the extent and in the same manner as though such articles or substances had been produced in such state or territory and shall not be exempt therefrom by reason of being introduced therein in original packages or otherwise; provided that nothing in this act shall be construed to permit any state to forbid the sale of oleomargarine except in such a manner as will advise a customer of its real character."

The president's veto of the bill to create a new division of the eastern judicial district of Texas was laid be-fore the house and was referred to the judiciary committee. The Indian ap-propriation bill was reported.

A resolution was adopted on motion of Mr. Fitzgerald (Dem., Mass.) calling on the secretary of the navy for an estimate of the amount of money which would be required to place the frigate Constitution, now lying at the Portsmouth navyyard, in such a seaworthy condition as would enable her to make the trip from Portsmouth to Washington. The object of bringing her to Washington, he said, was to preserve and use her is a naval museum.

At 4:50 the house adjourned.

#### PLATT SELECTED FOR SENATOR. Republicans of the New York Legislature Unanimous For Him.

ALBANY, Jan. 15 .- Without the usual formula of a nominating speech last night, with no word of eulogy, but with a strength of votes that was overwhelming, Thomas C. Platt was named as the Republican candidate for United States senator by a vote of 147 to 7 for Joseph H. Choate. Two were absent. Seldom, if ever, has the assembly chamber the meeting place of the joint Republican caucus on the United States senatorship. presented such a lively scene as it did ast night. Long before the hour for assemblage arrived, the galleries were filled with visitors. Before the ballot was taken a resolution was adopted to make the choice of the caucus binding on all Republican members. The ballot resulted as already stated, and the nom-ination was made unanimous with applause. The caucus then selected Ches ter S. Lord of New York to be regent of the state university.

Few men have been more in the public eye during the last 15 years than Thomas Collier Platt. His entrance into national politics in 1881 was under conditions so unusual that his earlier public career and his prominence as a banker and merchant have been generally forgotten. Unable on account of bad health to pursue his college course beyond the sophomore year at Yale, Mr. Platt took up a business career, which led the way to the presidency of a national bank at Tioga, N. Y., and to a successful venture in the lumber trade in Michigan.

In 1872, when 39 years of age, he was elected a representative to congress and again in 1874. He was elected to the United States senate in succession of Francis Kernon his term begining March 4, 1881. In May of the same year, in consequence of a quarrel with President Garfield over the distribution of patronage in New York state, Senators Conkling and Platt resigned from the senate expecting to be re-elected, instead of which the places they had vacated were

given to Messrs. Lapham and Miller.

Mr. Platt held the office of commis sioner of quarantine of New York city from 1880 to 1888 when he was removed by proceedings instituted on account of his alleged non-residence. He has been a delegate to all of the Republican national conventions, beginning with that of 1876, and including that of last year. He has been the recognized director of the Republican party organization in New York state for the last 12 or 14 years, and though his title to supremacy has frequently been attacked, he has as often demonstrated his ability to hold it against all comers. Mr. Platt is the president of the United States Express company. He is in his 64th year.

ILLINOIS SENATORIAL CONTEST. Two of the Candidates Withdraw in Favor

of William E. Mason of Chicago. SPRINGFIELD, Ills., Jan. 15 .- Martin B. Madden, the Chicago alderman who has been one of the leading candidates in the senatorial contest, withdrew from the race last night, throwing his support to ex-Congressman William E. Mason of Chicago, who had been his most prominent rival for Senator Palmer's seat. His withdrawal was immediately followed by that of Samuel Allerton, the millionaire packer of Chicago, who went at once to personally

congratulate Mr. Mason. Mr. Madden's candidacy had been bitterly fought by the anti-machine ele-train at Washington C. H. yesterday ment of the state, but up to the moment and probably fatally injured. of his announced withdrawal it had been supposed that he would go into the caucus well backed by supporters. It is generally believed that Madden's action makes the selection of Mason by the caucus a certainty.

JEFFERSONVILLE, Ind., Jan. 15 .- William Gaynor, wanted for the murder of William Counts of Reelsville, was captared at Paducah, Ky., and will be held for the Indiana officers. He will return without a requisition.

His Term of Office Were Unanimously Endorsed - Death of a Noted Man - Mother and Daughter Poisoned - Deed of a Crazy Prisoner-Other Ohio State News. COLUMBUS, O., Jan. 15.—The proceedings of the national convention of the United Mine Workers yesterday were on the sensational order, John A. Cairns, ex-president of the Pittsburg district, being expelled from the convention. Cairns had distributed among the delegates a circular claiming that the gag law had been applied by the officials of the organization in refusing to publish an article written by him for

an attack on President Penna. The trouble between Cairns and Penna grew out of the convention in the Pittsburg district which made a voluntary reduction in the price of mining on the advice of Mr. Penna, the object of the reduction being defeated by a flank movement of De Armitt, the coal operator. Cairns refused to appear in the convention to make a defense, and was unanimously condemned and expelled. The official acts of President Penna during his term of office were endorsed

A committee was also appointed to arrange for a joint conference with the operators of the Ohio and Pittsburg districts on the question of a differential between the two districts.

#### ASSISTED INVENTOR MORSE. Also Had an Experience Which Turned His Hair White.

Piqua, O., Jan. 15.—John W. Kirk, a well known citizen, died yesterday at the age of 83 as the result of a stroke of paralysis. When Mr. Kirk first located in this city he operated a stage coach line between Cincinnati and Sidney early in the forties. He assisted Morse in getting congress to appropriate money with which to test his invention, the telegraph. Later he assisted in constructing the first line between Washington and Baltimore in 1850.

He was a passenger on the steamer Griffith on Lake Frie, which was destroyed by fire, he swimming four miles to shore, which experience turned his hair white. At one time he was a merchant on Wall street.

Was Older Than She Thought.

RAVENNA, O., Jan. 15 .- Mrs. Elizabeth Byers thought up to a few days ago that she was 103 years old. An old record just found shows that she was born in October, 1790. She is, therefore, 107 years old. She has a brother living whom the records show to be 103 years old. Both were born in Franklin county, Pennsylvania.

# A Crazy Prisoner.

AKRON, O., Jan. 15.-James McCue, in jail for the murder of Richard Vincent, conceived the idea yesterday that Deputy Sheriff John Vaughan was a devil and tried to kill him. Vaughan and a prisoner were badly hurt before Sheriff Williams could rescue them. McCue was placed in solitary confinement.

Mother and Daughter Poisoned.

PIQUA, O., Jan. 15.—Mrs. William McWilliams and daughter, Miss Allie Amendt, were poisoned yesterday as the result of eating pickled meat purchased in market. For a time their lives were despaired of. They lay in an unconscious condition some time before they were discovered by a neighbor.

# Many People Employed.

Salineville, O., Jan. 15.—Operations have begun in the newly established factory of St. Clair brothers for the supply of baskets and crates for fruit growers. The factory will give employment to many persons who are not able to do hard labor.

# Business Revival.

AKRON, O., Jan. 15 .- The Hill Sewerpipe company, one of the largest here, has just resumed work, after a long idleness. There are encouraging prospects for the early resumption of several other sewer pipe factories there.

Death Followed in Two Hours. SHAWNEE, O., Jan. 15.—Summerfield Tippet, 66, a former mayor of this place, was struck by a Columbus, Shawnee and Hocking train near Smith's mine, yesterday. His death followed

### AFTER THE TAX-SHIRKERS.

The Paris Kentuckian Gives Interesting Figures About Bourbon County's Assessment.

[Paris Kentuckian.]

It has always been said that the poor and not the rich, pay the taxes, and from a glance over the Assessor's books one is almost convinced that this is true. If a man or some poor widow owns a little home it is assessed to about its full value, but if a man has thousands of dollars in cash in bank he has a chance to hide his possessions and the Assessor can not reach him.

In the assessment for this county the past year only about \$50,000 in cash is given in, but by the statements of five of the banks in the county published since January 1st it is shown that they have on deposit \$455,982.54, and the Northern and Millersburg banks to hear from. They certainly would increase the deposits to \$550,000, and deducting the \$50,-000 which is given in for taxation would leave a half million on which no tax is paid, making a loss to the county and State in revenue of \$3,855. The banks are not responsible for this, but the individuals, and when they make oath to the Assessor as to their property they are liable to arrest for false swearing.

There should be something done to compel the people who have money to give in their full amount and pay taxes
